

RED RIBBON CLUB:

Red Ribbon Club is a movement started by the Government of India in Schools and Colleges through which, students will spread awareness over HIV/AIDS. It envisages instilling charity mind among all the students to extend their able help towards developing healthy life styles, donating blood to all the needy by promotion of regular voluntary blood donation.

With an aim to create awareness on HIV/AIDS, the Assam State Aids Control Society (ASACS) has formed a number of Red Ribbon Clubs (RRCs) in the schools and colleges of the state through the National Service Scheme (NSS) as the nodal agency for RRC. Dr. Abdul Mutalib, Assistant Professor, Department of Sociology is the coordinator of Silapathar College RRC.

ECO CLUB:

National Green Corps (NGC) is a major initiative of Ministry of Environment, Forest and Climate Change (MoEFCC) for creating environmental awareness launched in 2001-02. It aims at building cadres of young children working towards environmental conservation and sustainable development. The phenomenal response that NGC received has made the network with more than 1, 00,000 Eco Clubs across the country in 16 years. This is one of the largest conservation networks at grass root level in taking the environment awareness among the masses. Silapathar College has also set up Eco Club from the session 2018-19 with Dr. Abdul Mutalib, Assistant Professor of Sociology as the Coordinator.

Environment Climate Cell :

Silapathar College has constituted an Environment Climate Cell in order to make the students as well as teachers aware about the environmental issues and challenges and impart them to disseminate the information and sensitize the school children and society. The main objective of this cell are to provide opportunities to acquire knowledge, skills, attitude, commitment to preserve the environment, to make them understand the interdependence of economic, social and ecological factors etc. Dr. Upen Deka, Asstt. prof. Deptt. of Botany is the co-ordinator of this cell.

Yoga and Meditation Centre:

Considering the importance of practicing yoga to improve flexibility, balance, endurance and physical strength while meditation helps to keep the mind sharp and clean relieves stress and improves overall well being, the college has Yoga and Meditation centre to promote health benefits among the faculty and students through Yoga and Meditation. The centre celebrates International Day of Yoga every year since its inception. Techniques of meditation and various postures are performed to lead a healthy and stress free life. Dr. Junali Chetia, Assistant Professor, Department of Botany is the coordinator of this centre.

Entrepreneurship Cell:

The College has constituted an Entrepreneurship Cell which addresses all the needs of students to become dynamic entrepreneur. The main objectives of this cell is to create awareness on Entrepreneurship among the students through training programmes and camps, to enhance industry, institute interaction through guest lectures and industrial visits. Dr. Dilip Saikia, Asstt. Professor, Deptt. of Physics is the coordinator of this cell.
